

The North Bank Line

Business Cars ... part 2

I'm currently working with
Boo-Rim Precision on a
2nd business car project.

*Six versions of SP #106 are planned
including two as the "Shasta" and four
as the "Oregon"*

*G.N. A3 (2nd) is planned
as seen in this 1963 view*

This W.P. car is planned as #01 and as #103

*#129 is planned in four versions. One
as EP&SW Nacozari and three as SP*

**D&RGW #107 is planned as
seen here at Salt Lake City**

Models will be produced factory finished in HO
scale brass. Production is subject to advance
reservations only with delivery expected in 2022.
